Important Notice: Transfer Station Policy Changes

EFFECTIVE SEPTEMBER 1, 2026

The Lisbon Transfer Station will transition to a residential household waste-only model. **Bulky waste will no longer be accepted.** This change takes effect when new permits are issued on September 1, 2026.

What's Changing

As part of the FY2026 budget process, the Lisbon Town Council voted to transition the Transfer Station to a residential household waste-only model. This change reduces operating costs for the Town and aligns the facility with similar transfer stations across Maine. The new policy takes effect when residential permits are issued on September 1, 2026.

STILL ACCEPTED	NO LONGER ACCEPTED
- Household trash (municipal solid waste) - Cardboard - Mixed paper - Recyclable plastics and glass - Food Waste - Compost - Scrap Metal - Yard waste: grass clippings, leaves - Small brush (Maximum 12 ft length)	- Refrigerators, freezers, air conditioners - Couches, mattresses, upholstered furniture - Construction and demolition debris - Electronics, televisions, computer monitors - Tires - Waste oil, gasoline, anti-freeze - Other bulky or oversized items - Leave-an-item / take-an-item shed (Share Shed)

Yard waste (grass clippings, leaves, and brush up to 12 feet in length) may still be brought to the compost / yard waste pile at the Transfer Station. All materials must be generated by residential households - commercial and contractor waste will not be accepted.

Where to Take Bulky Waste After September 1, 2026

The following facilities accept materials that the Lisbon Transfer Station will no longer take after September 1, 2026. Hours, fees, and accepted items are subject to change — please call ahead to confirm before making a trip.

Maine Waste to Energy 110 Goldthwaite Road, Auburn, ME 04210 Phone: (207) 783-8805 Hours: Mon–Fri 7 AM–4 PM; Sat 7 AM–12 PM Accepts: Household and bulky waste, construction debris, brush, mattresses, tires, freon appliances (refrigerators, freezers, AC units), televisions, computers, electronics, propane bottles. <i>Tipping fees by ton or per item. Major credit cards accepted. Items must be under 3 feet for general waste; bulky items priced separately.</i>	AVCOG Environmental Depot 424 River Road, Lewiston, ME 04240 Phone: (207) 783-9186 Hours: Third Saturday, May–October, 8:00–11:45 AM Accepts: Household hazardous waste: waste oil, gasoline, antifreeze, paint, paint thinners, pool chemicals, pesticides, fluorescent bulbs, batteries. <i>Open to all Maine residents. Fee is \$45 per unit (1 unit = 5 gal liquid or 20 lbs dry) for non-participating towns.</i>
---	---

Other Disposal Options to Consider

- **Dumpster rental:** For large cleanouts or renovation projects, private haulers such as Casella Waste Systems offer residential dumpster rentals delivered to your home.
- **Tires:** Most tire dealers will accept used tires for a small fee when purchasing new ones.
- **Paint:** Latex and oil-based paint in containers of 5 gallons or less can be dropped off free at participating PaintCare retailers, like Aubuchon Ace Hardware. Visit paintcare.org to find additional sites.
